A La Carte Catering (Do it Yourself)

Our A La Carte Catering Guide provides you the basic option of having Dink's supply you with the necessary meats and salads in our disposable containers.

*** Select your desired menu items from the A La Carte/Take Away Catering Menu.**

Please follow the convenient menu to help determine your A La Carte needs:

For a Dinner portion of a sliced meat we recommend 8 ozs. of meat per person. For a sandwich portion we recommend 4 ozs. per person of a desired meat.

Simple: Multiply 8 ozs. or 4 ozs. times the number of guests you are expecting, then divide that figure by 16 (ozs. converting to lbs.) And that will give you the pounds of meat you need to order for your special event. Round up or down, but don't run out!

To estimate Ribs, figure 2.5 ribs per person when served with another meat, 4-5 Ribs per person for a Rib Dinner. Each side of ribs contains approx. 11 countable ribs.

To estimate your side dishes: 1 gallon of side dishes will feed between 30-40 persons.

1 gallon of tea serves approximately 10 people at about 12 ounces per person.
